

February 28, 2021

Dear Tora Class Parents,

Welcome to Tora class! I am excited to work with your child and to reconnect with our Nakayoshi community.

This summer we are going to create an adapted version of a classical Japanese folk story, your child might be asking for help with props and/or costumes.

Our projects include a Bento Box that will need to be built prior to the beginning of the session. In the provided kit will be the instructions and all of the supplies needed except for a hammer.

For our daily activities please provide the following:

1. Pen and pencil
2. Colored markers-one needs to be black
3. Scissors- adult size for precision cutting
4. Gluestick or double stick tape
5. Small container of tacky glue
6. one roll of plain white paper towels
7. One pound container of table salt
8. Optional: watercolor palette or watercolor pens

Feel free to contact me with any questions or concerns.

Ann Chavez
